

# Where Is Epicurus In The "School of Athens"?

Post by "Don" of August 6, 2020 at 8:34 PM

[Quote from Cassius](#)

That's another angle on this to consider. Which position is more "prominent"? The one down front with the pudgy wreathed figure, or the position located very close to the central figures of the fresco (even if somewhat obscured)?

Oh! Good point!
