

Life support literature based on Epicurean philosophy

Post by “Don” of August 9, 2020 at 6:27 PM

I would echo [Joshua](#) 's recommendations. I know Hiram Crespo published a book but I haven't read it. He also contributed a chapter to a recent book on life philosophies.

Honestly, my recommendation would be to stick to the reading list that [Cassius](#) has posted to this site. Read multiple translations of Epicurus's works and Lucretius.
