

To What Extent, If Any, Does Modern Physics Invalidate Epicurean Philosophy?

Post by “Cassius” of August 15, 2020 at 9:27 AM

A. Gardner I think in this thread it would be best to stick to physics, as we have a lot of people who are highly interested specifically in physics - as you will see from what is about to follow. Feel free to start a separate thread on psychology if you like!
