

# Episode Thirty-Three - More on The Implications of the Colorless Atoms

**Post by “Cassius” of August 27, 2020 at 8:59 AM**

Anyone had a chance to listen to this one yet? Given our current discussion [where we are talking about the details of PD 24](#) I think the material we discuss from Delacy about what is considered to be true based on analogy only (rather than direct observation) is pretty relevant.
