

Continuous Pleasure / Sustained Pleasure

Post by “Cassius” of September 8, 2020 at 3:11 AM

In the example of the last day comment it does strike me that the shade of meaning is pretty close, but it definitely helps to point out the use of different words. We tend to put a lot of weight on small subtleties and we really need to be careful about that. Especially in Lucretius it seems like they often stated things in multiple ways for clarity, so that could be another factor in the use of different words too.
