Sigh - I do not seem to have a good collection of links from past discussions. I will see what I can find and post them here, including:

[Roger Penrose Says Physics Is Wrong, From String Theory to Quantum Mechanics](#)

[No Big Bang? Quantum Equation Predicts Universe Had No Beginning](#)

I have not watched this, but given Roger Penrose's position in the article above, this is probably worth including:

This one may be even more on point, an interview about his book: "Fashion, Faith, and Fantasy in the New Physics of the Universe"
