

The Process of Pulling Out Of Facebook

Post by "Cassius" of March 27, 2018 at 4:56 PM

Wow, that's great KDF! I am moving fast in that direction myself, but I have invested so much time in the Epicurean group I am just trying to figure out the best way to proceed before going cold turkey. It should be fairly easy to occasionally post things there as "advertising" for this group - otherwise I post and read nothing on FB anymore.
