

Can Emotions be Trusted?

Post by "Don" of October 7, 2020 at 1:05 PM

Quote from Cassius

As I read what Epicurus was saying, they are one of the three legs of the canon of truth (and I say with DeWitt that Epicurus was right, and there are only three, not four).

Personally, I'm still not convinced that the prolepses and mental perceptions aren't the same "leg" of the Canon called by different names.
