

Can Emotions be Trusted?

Post by “Susan Hill” of October 7, 2020 at 6:49 PM

Thanks, Cassius, re your comment about intelligence/consciousness being eternal and therefore intrinsic to the universe. Very interesting! I have encountered ideas like this - That the laws of physics are such that ever greater complexity is naturally and repeatedly produced, leading all the way up to consciousness. I'll chew on that one as I continue reading. 😊
