

# Problems in Frances Wright's "A Few Days in Athens"

Post by "Joshua" of October 23, 2020 at 1:05 PM

Going from memory, I would add to Elayne's list;

## **Over-emphasis on Sensations as a criterion of knowledge**

Or at least I remember walking away from it with that feeling. Her system is nearly empirical, grounded in sensation and elaborated with reason. But Epicurus held that there are three criteria. The other two seem to get short shrift here.
