

Cleanup from Upgrade of the Forum

Post by “Cassius” of November 24, 2020 at 11:30 AM

It looks like we've come through a significant upgrade of the forum without major issues, but I am sure there will be some details to clean up. Please let us know in this thread if you see any oddities of any kind. Thanks!

Ah! I see we can react to posts and not just like them. But you have to click on them to see who reacted. Still that's kind of cool

Except “like” is a heart now! A bit emotional, but suppose that’s ok.

OK I bet I can customize that - would people prefer an up-thumb like on facebook?

Yes. 😊

Let me see what I can do!

Ok I think the existing hearts will probably remain hearts unless they are changed by the user, but now the first reaction type is a thumbs-up!

Ok it looks like for the "articles" which are listed at the bottom of the first page I am going to need to go through and create new "cover" images. May take a little time to do that, but I do think that's going to be an improved appearance. That's the kind of change that if you come across please let me know.
