

Welcome Martin!

Post by “Cassius” of January 8, 2018 at 12:01 PM

Welcome [Martin](#) ! Glad to have you with us and you have my pledge that I am going to work as hard as I can to see that this site is going to be here for many years to come!

Post by “Martin” of January 9, 2018 at 9:08 AM

Thanks for setting this up. It looks promising.

Please be sure to give us any suggestion, comment, criticism, you want to add. And there might be times I need to enlist your help on something technical, as the forum software was written by a bunch of Germans 😊 and they have a tendency to write important technical information in a language I can't understand 😊
