

# **Zoom Meeting For The European Time Zone - Feb 25, 2023**

**Post by “Cassius” of February 10, 2023 at 8:12 AM**

We have received a request for zoom meetings which are more accessible to European time zones. Currently all our zooms have been in the evening Eastern time, and that places it in the middle of the night in Europe.

We definitely plan to do at least one such session soon, and if we have enough interest we will do it regularly. Of course nothing stops our current European participants from organizing their own zooms, but for the maximum benefit of all I am sure our "American hemisphere" friends would like to meet and interact with the Europeans.

The first obvious choice for us to open this up to the widest audience would be for us to set something on a Saturday in the morning or early afternoon Eastern time. Possibly 1:00 or 2:00 pm Eastern would make it an evening session for Europe and still not too early for California (?)

If you are interested in participating in a Saturday zoom at around 1:30 Eastern USA time please respond to this thread and we will get something set up as soon as the next couple of weeks. At least at the first one focus would be to spend time just getting to know our European friends better.

Hi Cassius,

Depending on my schedule, I would be interested in trying a Saturday Zoom meeting.

Keep me posted. Thanks 😊

We have set a date:

---**Special Zoom on February 25th for the European Time Zone**

-----Open to all forum members (regardless of member level)

**Time: 2pm Eastern Time US** -- (which would be 8pm in Germany)

I hope that this time might work for @EricR, @waterholic, [Titus](#) and anyone else in Europe.

Everyone interested in attending please RSVP here in this thread and we will get the Zoom link to you.

If you are free today (Saturday Feb 25) at 2:00 PM Eastern USA / 8:00 PM Central European time, please feel free to join us for our meet and greet focusing on our friends in Europe, for whom our regular zoom meetings are not at a convenient time. Hope to see you then.
