

Happy Twentieth of February 2023

Post by “Cassius” of February 20, 2023 at 10:41 AM

Happy Twentieth of February 2023 to everyone. This post is kind of disorganized but some random thoughts:

- Remember our [open-to-all meet and greet Zoom targeted to the European time zone](#) for those who have difficulty with our regular US Eastern time meetings- this coming Saturday at 2:00 PM
- Let us know in this thought any general thoughts you'd like to share to everyone on the forum.
- We've had a lot of good discussions on many topics lately and just wanted to say "thank you" to all who participate here!

Happy Twentieth!!

I can't make it tonight. Family obligations.

I may try to make it this Saturday for the European meeting. Work that day is up in the air.

So, anyway...

A Joyous Twentieth to All!
