For those who might miss my post of this in another thread, here's a link to Dr. Austin's appearance on the Stoic podcast.

As always, I think she did a great job. She remains, in my opinion, a wonderful spokesperson and advocate for Epicurus and his philosophy. Well done! Κῦδος!

Thanks for posting this separately Don as I agree it deserves a thread of its own. Going to probably be until the weekend before I can listen but I am really looking forward to this one.
