Post by “Cassius” of June 16, 2024 at 11:44 AM

Today I posted the first version of a new 9 minute "Introduction to EpicureanFriends" video on the front page of the website.

The video itself is here:

And a "slide show" version is [here](#).

Simple and effective; informative but not overwhelming; visually attractive without any bloat. I love it [Cassius](#) . Brilliantly done.

Great job, Cassius. I like the video and fully concur with Tau Phi!

I do have, however, one remark 🙄 which I feel is an important concern to raise because it regards the matter of factual accuracy: The only island not under the jurisdiction of any tax authority is North Sentinel, which is not a desert but is actually (sub-)tropical – and any trips there don't tend to end pleasantly at all! 😄

(I like how you sprinkled taxes and the desert island in there - makes it all approachable and gives a friendly human touch 😊)

Thank you Julia! I'll see if I can tweak that in an upcoming revision!
