Post by "Cassius" of November 10, 2024 at 3:51 PM

I intend to prepare a short slideshow discussing citations and major aspects for each of the major doctrines of Epicurus listed on the forum front page.

This is the first: Nothing Comes From Nothing.

You can view it on Youtube here:

If you would like to access the slideshow to make your own presentation, you can access and step through the slides here:

Like everything else here at the forum, I expect that many improvements could be made, but rather than let the "perfect be the enemy of the good" I will issues these as I get them into a "good enough" state. Therefore feel free to point out ways this could be improved.
