March 2025

Happy Twentieth!

"...when certain seeds of things
have fused together at their proper time,
whatever is created then appears,
while the season favours it, and the earth,
full of life, safely brings out tender things
to regions of the light..." (De Rerum Natura)

Thank you for posting this, I did notice it was the 20th. Are there still video get togethers on the 20th?

Hi [Cleveland Okie](#) !

You'll find all the current info about the [20th Gatherings](#), and also our other meetings: [First Monday](#) and [Wednesday Night Usener Study Group](#) (and in the sub-form [Zoom Meetings](#)).

Thanks Kalosyni, and thank you, Cassius. I will make a real effort to log on more often. I haven't lost interest -- I have read 12 books about Epicureanism since I got interested a few years ago, and I am currently reading *Epicurus and His Influence on History* by Ben Gazur. I searched for Gazur's name on this forum and couldn't find much of anything other than "Hey, I heard there's a new book about Epicurus coming out," so I will post my comments in a few days after I read.
